TECHNICAL SKILLS

Data Structures

Algorithms

ReactJS

C++

Material UI

Javascript

HTML5

CSS3

SQL

Machine Learning
(Working knowledge)

Beautiful Soup

Python

INTERESTS

Badminton

Reading

Mathematics

Public Speaking

EDUCATION

B.Tech in Computer Science

Punjab Engineering College

08/2018 - 05/2022

CGPA-7.76

Senior Secondary(C.B.S.E)

Sri Guru Gobind Singh Sr. Sec. School

2016 - 2018

90.6%

Higher Secondary(C.B.S.E)

Sacred Heart Convent School, Ludhiana

2014 - 2015

CGPA-10

WORK EXPERIENCE

Software Development Internship

Hyperdart Technologies

01/2021 - 06/2021

Tasks

- Built dynamic and interactive basketball and calculator component using ReactJS and material UI.
- Used APIs in the backend to display live data in the Basketball component.
- All the components built got deployed and went live on the HyperDart search platform.

PROJECTS

Homemade Recipe Bowl: Your ingredients, Our Recipes

- Generates recipes on the given set of input ingredients or input food images.
- Created a website using React where we can sign in to our account and save our favourite recipes.
- Created a foodie social media webpage where user can share food related posts and comment on other's posts.

Text Classification

- Objective to classify mini_newsgroups dataset.
- Classifies using Sklearn inbuilt classifier, gaussian naive bayes.
- It classifies in 20 different classes, each piece of news article.

Fidelex Delivery App

- Built an E Commerce Delivery website to facilitate delivery of products from local stores.
- Built using Bootstrap.

ACHIEVEMENTS

Codechef Global Rating 1754 (3 Star Codechef)

2021| Secured Global Rank 411

Global Rank 411(24000+ participants) CodeChef March Long Challenge 2021 (Division 3).

2021| Secured Global Rank 1302

Global Rank 1302 CodeChef February Long Challenge 2021 (Division 3).

GeeksforGeeks (Rank-43) in Punjab Engineering College

JEE ADVANCED Rank -9979, JEE MAIN Rank -9980
